

Lickhill Primary School– Admissions Arrangements Policy

ADMISSIONS POLICY

2017 - 2018

INTRODUCTION

1. Parents considering our school for their children are welcome to telephone to make an appointment to meet the Headteacher and visit the school.

2. The Admissions Authority to this school is the Governing Body (“the GB”); however, the GB participates in the Co-ordinated Admission Arrangements of the Local Authority (“LA”). The GB will adopt the relevant dates for completion of application forms and late applications published by the LA.

3. Parents seeking a place for children at our school should make an application to the GB of the school by completing the LA School Admission Application Form (which is available from the LA, the school office and on-line) attaching/including any relevant information which parents wish to be taken into account in the admissions process. The completed application form should be returned to school, or made on-line, by the date each year announced by the LA.

4. The school will accept late applications up to the date announced by the school each year with the details of the co-ordinated admissions arrangements. Late applications will be treated as being on time in the following circumstances:
 - a. Where a family have recently moved address into the catchment area of this school, or

 - b. Where it is agreed by the GB that individual circumstances apply and the delay was reasonable, given the circumstances of the case.

5. The school has had regard to the DfE statutory Schools Admissions Code 2010 (“the Code”) in setting this policy. Where the Code sets out matters which “must” or “must not” be followed, this policy should be read so as to comply with these requirements. Where the Code sets out matters which “should” be followed, this policy should be read so as to comply with the requirements, unless this policy is clearly in conflict with the advice in the Code, in which case this policy takes precedence. Where any future revisions to the Code conflict with the terms of this policy, mandatory requirements of the revised Code will take precedence.

6. The school will seek to give effect to the LA’s Fair Access Protocol. The school will have regard to advice from the Local Admissions Forum. The school does not discriminate between first, second and third preference applications. All application preferences are treated equally. This means, for example, that priority is not given to a pupil on the basis that our school is his/her parents’ first preference on the application form.

7. The school has a Pupil Admission Number (“PAN”) of 30 and will seek to admit pupils into each class up to this number.

8. There are two reasons why an application might have to be refused:

- a. The school is oversubscribed.
- b. Information provided by the parents is found to be fraudulent or intentionally misleading.

9. The school does not rely on tests for aptitude or ability, interviews, financial circumstances, or any other family information in making decisions on pupil entry except as expressly provided for in this policy (significant reasons for admission as part of over-subscription criteria). The school does not require parents to fill out a supplementary information form. Parents are not asked to enter into any agreements, or give expressions of willingness to enter into any agreement, as a condition of entry into the school. Proof of address may be asked for in connection with the application of the over-subscription criteria.

10. The school does have a uniform policy. However, the school does not wish parents to be discouraged from applying for a place at this school by the requirement to wear uniform. We operate a scheme for remission of the cost of items of uniform embroidered with the school logo for children eligible for free school meals, and children whose parents are entitled to the maximum level

of Working Tax Credit. The scheme is administered discreetly so that no parent should be embarrassed to ask for help.

11. Parents should be aware that they are legally entitled to access education in the September following their child's 4th birthday. Parents can request that their child attends part-time until the child reaches compulsory school age.

12. The GB runs a pre-School Nursery on-site. However, attendance at this Nursery does not guarantee that a place will be offered in the main school. All parents must apply for a place in the main school in accordance with this policy.

ADMISSIONS DURING THE NORMAL ADMISSIONS ROUND

13. For our school, the "normal admissions round" is for entry into the Reception Class at the start of an academic year. The timing of the round each year is as announced by the LA. Unless the school is over-subscribed, the school will admit all pupils seeking a place.

What Happens If The School Is Oversubscribed?

14. The GB will not exceed the PAN of 30 unless directed to do so by an appeals panel or in order to admit a child where the school is named on a Statement of Educational Need.

15. A child with a Statement of Special Educational Needs will be offered a place at the school if it is named in the statement.

16. Where there are more applicants than places that fall to be allocated at any one time, all expressions of parental preference will be treated equally and children will be admitted (or offered places) on the basis of the following order of priority:

- a. Relevant children looked-after by the LA (Children in Care).
- b. Children living within the school's catchment area agreed with the LA – a map is available in the school office. Children will be regarded as "living" within the catchment area in the following circumstances:

(1) It is their full-time place of residence.

(2) It is the full-time place of residence of one parent where the parents share responsibility for the child and where the child lives for a part of a week in term-time.

(3) Where a contract for the purchase of a property / land has been exchanged that will become a full-time place of residence (see (1) and (2) above).

(4) Where a lease is signed in respect of a property that will become a full-time place of residence (see (1) and (2) above).

(5) Where a license is signed in respect of a Gypsy/Traveller plot that will become a full-time place of residence (see (1) and (2) above).

(6) Where the parents of a child of UK Service Personnel or Crown Servants are returning to live in the catchment area under an extant posting or discharge order.

- c. Pupils who would have a sibling in the School at the time of application and admission. Where such a connection is to be relied on it must be clearly stated on the application form. A sibling includes full brothers and sisters, half brothers or sisters, legally adopted children and other children living permanently in the same household.
- d. Pupils who have other significant reasons for admission such as medical, social or compassionate grounds. Where such reasons are to be relied on, they must be clearly stated on / appended to the application form. Whether such reasons are sufficient to secure priority for admission will be determined by the GB. To be considered under this category it must normally be shown that only this school can meet the medical, social or compassionate needs relied on and that serious difficulties would be caused if the child had to attend another school. Parents / carers should attach any medical certificates or any other appropriate information from independent sources to their application form.
- e. Pupils who live nearest to the school. The distance will be calculated by measuring the distance from the main entrance of the pupil's place of residence from the public highway to

the highway adjacent to the main school gates. The GB will normally use the “Google Maps UK” software to calculate distances. A child’s place of residence will be determined in accordance with the criteria set out at sub-sub-paragraphs b(1) to b(6) above.

- f. In the event that two or more applicants are impossible to separate under sub-paragraph f, then places will be awarded by a ballot supervised by someone independent of the school (i.e. random allocation).

17. Where there are too many applications to offer all children within a particular over-subscription criterion a place, places will be offered according to the subsequent criteria.

18. Where, having regard to the over-subscription criteria, the school is unable to offer places in the same class to all siblings seeking entry to that class (for example in the case of twins or triplets), parents will be asked to choose which of their children should be offered the place(s) available. Where siblings are to be entered into a ballot, each sibling will be entered into the ballot individually. However, when one sibling is drawn in a ballot, his/her sibling(s) will then be allocated the same place in the ballot order.

19. Prospective parents who would like to discuss the over-subscription criteria, either because they do not understand them, or to find out (based on experience in previous years) whether they have a realistic likelihood of being offered a place at this school are welcome to contact the Headteacher.

APPLICATIONS FOR IN-YEAR PLACES AND THOSE OUTSIDE THE NORMAL ADMISSIONS ROUND

20. The LA co-ordinates applications for in-year places and for admission outside the normal application round. Completed application forms should be returned directly to the LA at the Pupil Admissions address. The LA will then consult with all schools for which a preference has been expressed and then advise the parent of any offer from the preferred school, or any lower ranked school. In dealing with such applications, the school will seek to comply with parental preference unless:

- a. Entry is sought to an infant class and the statutory infant class size restrictions would thereby be exceeded, unless a statutory exception applies.
- b. Entry is sought to any other class and the class size would exceed the PAN and the prejudice to the child caused by refusing admission is outweighed by prejudice caused to the school by

admitting the child, unless a statutory exception applies. In considering the balance of prejudice, the school will have regard to the Code and to the LA's Fair Access Protocol.

21. Where at any one time the number of applications exceeds the number of places, vacancies will be filled by applying the over-subscription criteria applied in the normal admissions round (see paragraphs 16 to 18 above).

ACCEPTING PLACES AND DEFERRED ENTRY

22. Parents are asked to accept an offer of a place for their child within 14 days of the date of the letter offering a place.

23. Once a place is accepted, parents may defer the pupil's entry into the school so long as the place is not to be deferred to the following academic year, and only:

- a. Where the child is below compulsory school age and then only until the child reaches compulsory school age, otherwise
- b. Until the start of the next half-term, or
- c. As exceptionally agreed with the GB.

WAITING LISTS

24. The School operates a waiting list system for entry into the Reception Class at the start of an academic year. The waiting list opens from the date when places are offered. A child may be placed on this waiting list by contacting the school office. This waiting list closes at the end of the summer term each year. Thereafter, a fresh waiting list is established and operates in the same way as waiting lists for other classes. Parents wishing to place a child on this fresh waiting list must re-apply to the school office.

25. The school also operates a waiting list system for Years 1 to 6. Where an application for admission to Years 1 to 6 is refused a child may be placed on the waiting list for that class by contacting the school office.

26. On any waiting list children will be ranked according to the admissions oversubscription criteria (see above). Priority on a waiting list is not given to children on the basis of the date their names were added to the waiting list. The school can tell parents at any time where their child is ranked on a waiting list but cannot give any indication of the likelihood of being offered a place. Positions on waiting lists are always subject to change if a child with a higher priority according to the oversubscription criteria joins the waiting list or if the circumstances of a child already on the waiting list change. There is no formal appeal against a ranking on a waiting list, but the school is willing to discuss a child's position on the list against the oversubscription criteria so as to satisfy itself that the position allotted is correct.

27. As a place become available, the vacancy will be filled by an offer to the child at the top of the waiting list. Where places fall to be allocated by ballot, a fresh ballot will be held at the time the vacancy comes to be allocated. Places offered from a waiting list must be accepted within 5 working days or it will be offered to the child next on the list (or drawn by fresh ballot).

28. Unless other arrangements with the school are agreed (and subject to any right to deferred entry set out in the Code) any child offered a place from a waiting list must join the school within 20 school days or the place will be lost.

APPEALS

29. Should a place not be offered, parents have a right of appeal against the decision. Any appeal, which must be made in writing, must be returned to the school (addressed to the Chair of Governors) within ten working days of the date of the letter refusing a place.

30. Appeals will be heard by an Independent Appeals Panel whose decision is binding on all parties. The Panel will be constituted in accordance with the School Standards and Framework Act 1998 and the hearing conducted in line with the School Admission Appeals Code 2010 issued by the DfE (or any subsequent legislation or code of practice).

31. The Independent Appeals Panel will inform parents of the outcome of appeals.
